Work Experience

Freelance User Interface Designer and Developer
Levant Central – Australia, Jan 2025 – April 2026
Redesigned and optimized WordPress themes for Levant Central, improving Core Web Vitals scores by 35% and increasing organic traffic by 20%. My responsibilities include customizing and developing WordPress themes to integrate their services, with a strong focus on SEO optimization and page performance, and alignment with the company's business goals.

Magento2 Theme UI Designer and Developer, Project Manager
ITC Infotech – Bangalore, Dec 2022 – June 2024
Worked for the client Schneider Electric and shop website as a ecommerce frontend developer and partially as an Associate Project Manager to incorporate the seamless project time management and team capabilities. Led the design and development of a Magento2 theme for a global multilingual B2B and B2C e-commerce marketplace, featuring multi-store websites tailored to regional product offerings and sales strategies.

Magento2 Theme UI Designer and Developer
PushON – Bangalore, August 2021 – Nov 2022
Contributed to the design and development of the Magento2 applications at PushOn for eCommerce projects, including maintenance of custom themes, feature customization, and implementation of enhancements across the entire user journey from catalog and product pages to checkout and Content Management.

Lead UI designer, Magento2 Theme UI Designer and Developer
Nityo Infotech Services – Bangalore, April 2019 – July 2021
Worked as a Lead UI/UX Designer and Magento2 Frontend Developer for Nityo clients. Led the UI design team for SingPost, a leading eCommerce company in Singapore, while also contributing individually to frontend theme development and customization across Magento2, WordPress, and Shopify platforms.

Senior UI Engineer
Sigma Info Solutions – Bangalore, March 2016 - March 2019
Worked for Sigma clients as a creative lead for many projects, driving design and implementation of web-based applications in diverse domains including banking, healthcare, technology, IT services, lifestyle, e-commerce, and Content Management platforms. Utilized a wide range of front-end technologies such as .NET, open-source frameworks, Cloud Magento eCommerce, and WordPress to craft user-centered digital experiences. Collaborated closely with Angular, React, and Polymer development teams to support UI theme development and customization.

Senior Web Designer and Web Developer
Hardwin Software Solutions Pvt Ltd – Bangalore, November 2014 - February 2016
Worked as a Senior UI/UX Designer across multiple projects, contributing to user and competitive research, wireframing, visual design, branding, and product application design. Collaborated closely with Magento and .NET developers to integrate UI design patterns into various eCommerce and WordPress websites.

Web Designer and Web Developer
Ezone Solutions – Kolkata, November 2004 - October 2014
Designed web interfaces for small to medium-sized businesses worldwide, focusing on user-centric solutions. Developed workflows and user interfaces through iterative design processes, collaborating with cross-functional teams to align with business goals. Partnered with PHP and .NET developers to ensure seamless integration and deliver intuitive, user-friendly experiences.

Graphic Designer
Vyoma Technologies – Hyderabad, December 2003 - October 2004
Designed a wide range of brand and marketing assets, including company logos, business cards, skyscraper ads, web banners, brochures, and mock-up web templates.

Education

Bachelor's Degree in Mathematics – Osmania University, Hyderabad
